6:35-7:08	Student Safety Concerns	Charlene (for
	Traffic concerns	Yaya)
	Charlene introduced George Tsougrianis, a parent who offered to help in discussions with the City of Regina about options to address the traffic concerns raised by the school community.	
	George provided introductory comments about the limitations that exist for the City, Ministry of Education, school divisions, and developers when they are planning for a school, and the shared goal to keep students safe. He shared a map where he assessed possible parking in the school lots (St. Elizabeth 40, Wascana Plains 47) and on the streets around the schools. He noted that the lots do not provide sufficient parking for all school staff and for daycare staff, resulting in these staff using most of the street parking across from the schools. There is limited parking near the drop off zone on Green Lily Road and snow piles in the winter increase congestion. There are parking spots on the block north of the school and some side streets east of Green Lily Road.	
	Discussed if school times are staggered with Wascana Plains and if this has helped. Start time is same for both schools, but after school is staggered between schools and has helped but not resolved the issues.	
	Discussed if there have been any incidents – there was one incident in front of Wascana Plains a few years ago where an adult was struck.	
	Discussed that there is no easy solution but a number of suggestions were noted including:	
	 Green Brooks Way - City could consider bringing in snowblower and haul snow away with trucks. Safety of crossing for students plus additional parking for pick up and drop off. 	
	 Fire Station – school could ask if they have spare spots to loan to school or daycare. 	
	 City could reduce the speed limit on Green Lily Road to slow things down to avoid congestion 	

City could make Green Brooks Way a one-way street to help traffic move more smoothly past the school. City could add pedestrian lights for crasswalks such as in front of the school and where the path comes out onto Green Lily Road. School could create a map showing all the place and sade this tool at the start of each year and as reminders to help parents avoid the congestion. City could add times on bus signs for when parking is allowed in the school zone (similar to Wascane Plains side) Discussed forming a sub-committee to work with the City on finding solutions. Charlene will invite Vays to lead this sub-committee, George is willing to be part of sub-committee and help in discussions with the City. Jackies and Natalei would be exdificio on the sub-committee as school representatives and can support meetings with the City. *ACTION: Charlene will draft a post for the school to share on Edsby to invite parents to participate in this sub-committee, Plan to get this sub-committee up and going as soon as possible. **Trincipal's Report - Attached** *Principal's Report - Attached** **Cravious school activities continue including: **O Band, upcoming concerts in March, April, and May 28 **O Musical - Alice in Whorderland of was an incredible success - Bravol Thanks to all involved: **O Skalmy continues - a big thanks to Skate Saskatchewan for lending equipment a all the kids can participate to the sub-committee and participate in the sub-committee of the sub-committee and participate in the sub-committee of the sub-committee and participate in the sub-committee and participate in the sub-committee and participate and participate in the sub-committee and participate		smoothly past the school.
